Type: ROUTINE INSPECTION
Date: 11-MAR-2021

2.75(b)(1)(vii)

Records: Dealers and exhibitors.

The facility's disposition records were incomplete. The sales slips do not include the number of guinea pigs sold. Failure to include the number of guinea pigs sold can make it difficult to track animals and to document changes in the animal inventory. The licensee must maintain sale records that include the number of guinea pigs sold in each shipment. Correct by March 13, 2021.

This inspection was conducted with the licensee and the exit interview was conducted with a family member.
