Certificate: **23-A-0592**
Site: 001
DANIEL KAUFFMAN

Type: ROUTINE INSPECTION
Date: 17-JUL-2017

3.31(a)(4)

SANITATION.

*** Currently this facility is only cleaning the primary enclosures for the animals. No sanitization scheduled is in place to ensure the enclosures are sanitized with a disinfectant at least every 2 weeks. Failure to provide regular sanitization can lead to an increase of potential disease hazards to the animals. Correct this by developing and implementing a sanitization schedule to adequately sanitize all enclosures at least every 2 weeks as required.

Correct by: July 31, 2017

** Inspection and exit interview conducted with the licensee and spouse.
