Type: ROUTINE INSPECTION
Date: 22-MAY-2014

3.31(b)

SANITATION.

Housekeeping. There are several dirty, empty enclosures in the adult guinea pig room and the holding room for guinea pigs. The empty enclosures contain dirty bedding, feed, and debris. Leaving empty enclosures dirty for days or weeks increases the risk of disease. Animal facilities must be kept clean to ensure the health of the animals. Ineffective cleaning exposes the animals to diseases hazards and health problems. Licensee must establish a program to keep animal facilities clean and sanitary.

Correct by May 24, 2014

An exit briefing was conducted with owner.
