AMANDA BLEVINS WORKMAN

Type: ROUTINE INSPECTION

Date: 29-JAN-2023

2.1(a)(1)

Requirements and application.

The facility representatives were selling sugar gliders at the Murfreesboro TN Exotic Pet Expo held the weekend of January 28-29 2023. Both adult and young sugar gliders were for sale to the public (total of 14 sugar gliders). The facility representative stated that they had forgotten the USDA notebook containing their license and other USDA paperwork at the house. A review of the USDA licensing system identified that the license for this facility expired on 2/22/22 and that the license renewal process was not completed. A license is required to sell regulated species in order to be compliant with the Animal Welfare Act and to ensure the health and well-being of the animals being sold.

The facility shall discontinue selling regulated species until a valid and current USDA Animal Welfare Act license is obtained.

NO REGULATED ACTIVITIES MAY BE CONDUCTED WITHOUT A VALID USDA LICENSE.

This inspection was conducted at the Mid TN Expo Center in Murfreesboro, TN.

This inspection and exit interview were conducted with the facility representatives.
