Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany the APHIS Official during the inspection process at 11:20am on Wednesday, February 11, 2026. The inspector attempted to contact the licensee by knocking on the door. The inspector was informed by a family member who called the licensee at work that he was unable to leave work to facilitate the inspection. Failure to provide access to the facility, animals, and records for inspection is a violation of the AWA and regulations. Continued failure to provide access is serious and may result in enforcement action.
