3.13(b)(3)

Veterinary care for dogs.

The facility does not maintain complete medical records for adult dogs. The facility states that the adult dogs were up to date on rabies vaccines, but they could not provide any documentation. Failure to maintain adequate medical records may interfere with the ability of APHIS officials to determine if the animals are receiving adequate veterinary care. Complete medical records must be maintained and include the names of all vaccines and treatments administered and the dates of administration. Correct by documenting all treatments given and ensure that medical records are complete and contain the required information.

3.13(b)(4)

Veterinary care for dogs.

The facility was unable to provide documentation of fecal tests performed for puppies. The facility stated that fecal tests for 10% of puppies are performed each year in accordance with the schedule in the Program of Veterinary Care but they could not provide the test results. Failure to document testing results may interfere with the ability of APHIS officials to determine if the animals are receiving adequate veterinary care. Medical records must be maintained and include the dates and findings/results of all screening, routine, or other required or recommended test or examination. Correct by documenting the results of all testing and ensure that medical records are complete and contain the required information.

This is a 1st Re-License Inspection for a Class "A" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by April 27, 2026 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
