**Access and inspection of records and property; submission of itineraries.**

A responsible adult was not available to accompany the APHIS Official during the inspection process at 11:15am on 2/3/2026. The inspector attempted to contact the licensee by knocking on the door, but there was no answer. The inspector then called number on file and left message. The licensee texted back that they were at work. Failure to provide access to the facility, animals, and records for inspection is a violation of the AWA and regulations. Continued failure to provide access is serious and may result in enforcement action.
