Type: RE-LICENSE INSPECTION
Date: 03-OCT-2022

2.134(a)

Contingency planning.

A contingency was not available at the time of inspection.

Without such a plan for an emergency or disaster which could reasonably be anticipated, animals might be exposed to conditions which might be detrimental to the good health and well-being of the animals in their possession for a prolonged period of time after such an unplanned event.

A contingency plan must be developed and facility trained on it.

Correct by: 10/17/2022

This is a 1st Re-License Inspection for a Class "A" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by 12/02/2022 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
