surfaces in these buildings to reduce pest control and disease issues.

Correct by: 4-8-22

3.11(d)

Cleaning, sanitization, housekeeping, and pest control.

The LB whelping and sundowner housing units both contain a very large number of flies and other small flying insects.

These pests can be a source of disease and discomfort for the dogs housed in these units. A more effective method of pest control must be put in place to control these flying insects.

Correct by: 4-8-22

This inspection and exit interview were conducted with the licensee.
