

Inspection Report

Albert Miller
10755 West 050 North
Middlebury, IN 46540

Customer ID: **6018713**
Certificate: **32-A-1064**
Site: 001
Albert Miller

Type: RE-LICENSE INSPECTION
Date: 20-MAY-2026

2.40(b)(2)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

Female dachshund ("Crystal", DOB 2021, tag # 2315) has poor dental health. The entire surface of the upper left and right cheek teeth are encased in a thick brown buildup of organic material and nearly the entire surface of both upper canine teeth are covered in the brown material. The gum line along the upper teeth on both sides of the mouth appears slightly reddened. The facility has a plan to maintain clean and healthy teeth, but no treatment has been provided or planned for the specific condition of this dog's teeth.

Each dealer shall use appropriate methods to prevent, control, diagnose, and treat diseases and injuries. The applicant must have this dog evaluated by a veterinarian for an accurate diagnosis and to develop an effective treatment plan.

This is a 1st Re-License Inspection for a Class "A" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspection(s) or by July 19, 2026 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
