

Inspection Report

FAIR BANKS KENNELS
2245 COUNTY ROAD 1500 E
ARTHUR, IL 61911

Customer ID: **321132**
Certificate: **33-A-0562**
Site: 001
NELSON DIENER

Type: ROUTINE INSPECTION
Date: 02-SEP-2020

3.11(d)

Cleaning, sanitization, housekeeping, and pest control.

Bird droppings were observed next to a wall within one enclosure, as well as on the lids of feeding receptacles, and toward the top of an inside wall and on an outside wall of an uncovered feeding receptacle in the long kennel building. Rodent droppings were additionally observed in the south kennel building alongside an interior wall outside of the enclosures. Birds and rodents can transmit diseases to the dogs and contaminate the areas. An effective pest control program must be established and maintained so as to promote the health and well-being of the animals and reduce contamination by pests in animal areas.

Correct by September 9, 2020.

This inspection and exit interview were conducted with the licensee.
