2.75(a)(1)

Records: Dealers and exhibitors.

The facility had no inventory records (APHIS form 7005) for the 10 cats observed on the premises. There are records for prior inventory, however those are incomplete (they do not have a disposition date or method for any of the animals).

Additionally, the facility failed to maintain disposition records (APHIS form 7006) for cats sold. The facility is using their own forms to document sales, but those forms do not contain all of the required information, such as the transportation method used. The licensee also does not have an approved variance to keep the information in a form other than the APHIS 7006.

Failure to document the required information on APHIS forms 7005 and 7006 interferes with APHIS officials' ability to identify regulated animals and trace their movements.

Each dealer shall make, keep, and maintain records or forms which fully and correctly disclose the required information concerning each dog or cat purchased or otherwise acquired, owned, held, or otherwise in his or her possession or under his or her control, or which is transported, euthanized, sold, or otherwise disposed of by that dealer. If a dealer or who uses a computerized recordkeeping system believes that APHIS Form 7005 and APHIS Form 7006 are unsuitable for him or her to make, keep, and maintain the information required by paragraph (a)(1) of this section, the dealer or exhibitor may request a variance from the requirement to use APHIS Form 7005 and APHIS Form 7006.

Correct by 4/14/2026.
