

Inspection Report

Marvin Mullet
Rosemary Mullet
2640 Garden Rd
Corydon, IA 50060

Customer ID: **42496**
Certificate: **42-A-1330**
Site: 001
MARVIN AND ROSEMARY MULLET

Type: ROUTINE INSPECTION
Date: 28-JAN-2015

2.40(b)(2)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

* A female Coton de Tulear (#516) has heavily matted hair on her front legs and a rear leg. The matted hair is densely tangled and pulling at the skin. The dense mat of hair does not allow for skin visualization either. This condition could promote and foster skin infections because of trapped debris and moisture and the lack of air circulation. Licensee must ensure that a hair coat maintenance program is established and maintained at all times to prevent and remove any excessive matting of the hair to allow the dog freedom of movement, maintain healthy skin and provide insulation against the weather.

* To be corrected by: 2/4/15 (verbally instructed at exit conference)

Inspection and verbal exit interview conducted with facility representative on 1/28/15.

Prepared By: ANGELA DEPOE, A C I USDA, APHIS, Animal Care
