3.4(b)(4)

OUTDOOR HOUSING FACILITIES.

* Five adult dogs did not have clean, dry bedding provided with an outside temperature of 42°F. All outdoor shelter enclosures must contain clean, dry bedding when the temperature is below 50°F. The lack of bedding does not allow the dogs a way to conserve body heat against the cold temperatures. Licensee must ensure that when temperatures are below 50° F, clean, dry bedding is provided with additional bedding provided when 35° or lower for the health and well being of the dogs.

*To be corrected: Immediately (2/9/15)
