3.4(b)

OUTDOOR HOUSING FACILITIES.

Sec. 3.4 Outdoor housing facilities.

(b) Shelter from the elements.

---- The five outdoor enclosures, containing 15 dogs, do not have a proper dog houses. What is in the pens is a wooden box that is missing one side. This allows the weather to impact the health and well being of the dogs. Hinders the dogs ability to stay warm when the weather is cold. A dog house must have four sides, roof and a floor. Enough space to contain all the dogs at the same time. A proper dog house must be used in the enclosures for the dogs.
