Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 1:20 pm on 18 February 2026. The inspector attempted to contact the licensee/registrant by honking several times, all calling all three numbers the inspector had for the licensee. Failure to provide access to the facility, animals, and records for inspection is a violation of the AWA and regulations. Continued failure to provide access is serious and may result in enforcement action.
