Type: RE-LICENSE INSPECTION
Date: 07-MAR-2022

2.40(b)(2)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

An approximately 7-year-old female Bichon, Chip, (id number 571) was found with a heavy substance on the teeth. On both the left and right side the gums were reddened and appeared to be inflamed. All the teeth were mostly covered with a dark brown substance. On the left side, the upper tooth behind the canine tooth was found to be extremely loose. The licensee state that he hadn't noticed this dog's dental condition. This dog's dental condition could result in pain and discomfort as well as lead to further health issues. The licensee must consult with a licensed veterinarian for an accurate diagnosis, develop and follow an effective treatment plan. All dogs must receive adequate veterinary care at all times.

To Be Corrected: March 9th, 2022

This is a 1st Re-License Inspection for a Class "A" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspection(s) or by May 6, 2022 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
