Type: RE-LICENSE INSPECTION
Date: 23-MAR-2022

2.40(b)(2)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

A Poodle (#55) had long toenails. The toenails were long enough they were turning to the side. Long toenails can cause foot injuries. The applicant must ensure to keep all the toenails trimmed to prevent injuries.

2.75(a)(1)

Records: Dealers and exhibitors.

The records that the applicant provided for inspection were inaccurate since lost ID tags were replaced on the dogs, but not updated on the records. Complete and accurate records must be kept in order to ensure that each animal's identity can be known with certainty and to facilitate tracking/tracing of animals. The applicant must update their dog on hand (form 7005) to reflect the facilities dogs and correct identification.

This is a 1st Re-License Inspection for a Class A license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by May 22, 2022 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
