Frankfort, KS 66427

Customer ID: **325879**
Certificate: **48-A-2143**
Site: 001
Daniel Seematter

Type: ROUTINE INSPECTION
Date: 20-OCT-2015

2.75(a)(1) REPEAT

RECORDS: DEALERS AND EXHIBITORS.

* No inventory information was available on six unweaned puppies. Inventory information is needed to ensure the individual identity can be known with certainty and to facilitate the ability to trace all puppies. The licensee must make, keep and maintain complete and accurate inventory records that fully and correctly disclose information on all animals at the facility.

3.11(a)

CLEANING, SANITIZATION, HOUSEKEEPING, AND PEST CONTROL.

* An excessive amount of excreta was observed collecting on the interior wood floor in one enclosure. Three dogs are in contact with the affected area located in outdoor housing. Excreta is covering an estimated 25 to 30 percent of the total available floor area. This indicates the dogs are living in unsanitary living conditions. Removal of excreta is necessary to prevent soiling of the dogs contained in the primary enclosure and to reduce disease hazards, insects, pests and odors. The licensee must ensure that excreta is removed from the primary enclosure daily to prevent an excessive accumulation of feces in the primary enclosure. Correct by 10/27/15.

3.11(c)

CLEANING, SANITIZATION, HOUSEKEEPING, AND PEST CONTROL.

* Dust and cobwebs were observed collecting on the interior corners and walls of two sheltered housing units. Ten dogs are in contact with the affected area located in outdoor housing. This indicates a breeding and living area exists for rodents, pests and other vermin that could impact the health of the dogs. The licensee must ensure that premises where housing facilities are located, including buildings and surrounding grounds must be kept clean to facilitate required husbandry practices and be kept free of accumulations of trash, junk, waste products and discarded matter. Correct by 11/3/15.

* The facility inspection done on 10/20/15 and exit briefing done on 10/26/15 were conducted with the licensee.
