2.50(a)(2)

TIME AND METHOD OF IDENTIFICATION.

***The two kittens under 16 weeks of age, in the same enclosure upon entering the cattery, are not from the same litter and are not individually identified. The kittens have not been micro-chipped and there is no identification on the enclosure. The kittens shall be properly identified as required in this section. Correct by January 16, 2017.

2.75(a)(1)

RECORDS: DEALERS AND EXHIBITORS.

***The current APHIS 7005 is incomplete. The form has not been updated to include the last four kittens being kept as breeders. The form shall be completely filled to include all information as required in paragraph (a)(1) of this section. All cats currently housed (including retired) in the cattery must have their full information included on the form. Correct by February 28, 2017.

This inspection and exit interview were conducted with the owner.
