38316 Mickler Rd
Dade City, FL 33523

Customer ID: **5469**

Certificate: **58-A-0270**

Site: 001

4 J CONSERVATION CENTER INC

Type: ROUTINE INSPECTION

Date: 04-MAY-2015

3.75(c)(1)(2)

HOUSING FACILITIES, GENERAL.

A black and white ruffed lemur enclosure had a metal bar that was rusted, flaky and had jagged edges which can also compromise the structural integrity of the enclosure.

Another enclosure had 2 protruding screws toward the inside of the enclosure and could be a hazard for the primate if he/she pushed the enclosure wire mesh against the screws.

In order to maintain the structural strength of the enclosure and to prevent injury to animals housing facilities must be kept in good repair.

To be corrected by 6-4-2015.

Prepared By: LUIS NAVARRO, D V M USDA, APHIS, Animal Care
