Certificate: **58-A-0358**  
Site: 001  
STEPHEN PRICE

Type: RE-LICENSE INSPECTION  
Date: 05-JUL-2023

---

### 2.134(a)

#### Contingency planning.

A written contingency plan was not available or does not exist for the facility. A written contingency plan is important for protecting and providing for animals in the event of an emergency. A contingency plan needs to be created and documented prior to your next inspection.

This is a 1st Re-License Inspection for a Class "A" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by September 3, 2023 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
