ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

(a) (1)

***** At time of inspection the Plan of Veterinary Care could not be located for review. A plan of veterinary care for the facility must include a written plan in the absence of a full time veterinarian and must include regularly scheduled visits to the facility. This plan helps to provide guidance to maintaining good health for the animals in the facility and directions to the facility for implementation of the plan.

An APHIS form 7002 Animal Care plan of veterinary care is being forwarded to the facility by the regional office and should be filled out by the attending veterinarian and the facility and kept on hand and made available to APHIS personnel for review upon request.

TO BE CORRECTED BY: 4/12/14
