Type: ROUTINE INSPECTION
Date: 08-FEB-2018

2.40(a)(1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The attending veterinarian's last annual visit was on May 13, 2016. This was affirmed with the attending veterinarian via a telephone call. The veterinarian offered to make her annual visit forthwith.

Each dealer shall employ an attending veterinarian under formal arrangements which shall include a written program of veterinary care (which licensee did have) and regularly scheduled visits (annually is the minimum) to the premises of the dealer to ensure the provision of adequate veterinary care and to oversee the adequacy of other aspects of animal care and use.

Affects six adult cats.

Correct by March 8, 2018.

2.40(b)(2)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The following medications were past the labeled expiration date: Thirteen doses of Fel-O-Guard Plus 3 vaccine expired 07 Jan 17. Note -- the diluent vials were in date but are not the active ingredient in this vaccine formulation. Twenty two doses of reconstituted (by manufacturer) FRCP+C expired 16 Nov 17.

Expired drugs may not work as anticipated, could become contaminated, and could harm the animals. The licensee must ensure that all medications used in the facility are not expired, are labeled properly in accordance with standard veterinary practices, and are stored in accordance with manufacturer's recommendations.

Correct from this day forward.

The inspection and exit briefing were conducted with licensee.
