Type: ROUTINE INSPECTION

Date: 27-JUL-2023

2.1(b)(1)

Requirements and application

The licensee has conducted activities not authorized by a Class-A License. During inspection, disposition documents showed that on 5/18/2023 10 weeper capuchins were sold to another licensed facility. These animals were bought and resold thus constituting brokering. Another disposition document showed that four servals and four caracals were sold on 7-26-2023 to another licensed facility. These cats were breeding stock and not born on site.

Licenses are issued to specific persons, and are issued for specific activities, types and numbers of animals, and approved sites. A new license must be obtained upon change of ownership, location, activities, or animals. A licensee shall notify Animal Care no fewer than 90 days and obtain a new license before any change in the name, address, management, substantial control or ownership of his business or operation, locations, activities, and number or type of animal(s). A Class-B license must be obtained before any sale of animals that were not born and raised at the facility.

Correct by Sept. 30, 2023.

This inspection and exit interview were conducted with the licensee.
