3.81(c)(1)

Environment enhancement to promote psychological well-being.

The current approved environmental enhancement plan does not address special consideration for infants and young juveniles. There is an approved SOP that does address hand rearing /fostering of infants when necessary but it is not a part of the written plan.

One section of the plan requires that certain non human primates including infants be provided special attention in accordance with the instructions of the attending veterinarian. The written plan must be amended to include the special considerations of infants . CORRECT BY : 7/22/2023

This inspection and exit briefing were conducted with facility employees.
