Contingency planning.

The licensee did not perform a review of the Contingency Plan within the last year. Records indicate the plan was last reviewed in November, 2024. When this was brought to the attention of the licensee, she reviewed the plan during the inspection and documented this in her records.

The licensee must ensure not only that a Contingency Plan is in place, but also that it is reviewed at least once annually to ensure it adequately addresses the criteria listed in paragraph (a) of this section and is still relevant to the facility and animals. The plan must provide for the humane handling, treatment, transportation, housing, and care of their animals in the event of an emergency or disaster. The licensee must maintain documentation of the annual review, including documenting any amendments or changes made to the plan since the previous year's review.

CORRECTED DURING THIS INSPECTION CONDUCTED ON 01/30/2026
