Type: ROUTINE INSPECTION

2.40(a)(1) REPEAT

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The facility owner acknowledged the attending veterinarian has not made an inspection of the facility in over a year. USDA recommends that the attending veterinarian make a least an annual inspection of the facility to ensure the physical conditions of the enclosures and medical health of the animals are adequate. The veterinary and USDA inspection are both used to evaluate if the facility is meeting all USDA regulations. A regular program of annual inspections by the attending veterinarian needs to be in place and followed.

Correct by: June/24/2016

An exit interview was conducted with the owner at close of inspection.
