#### Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 12:47 on September 14th 2022. When the inspector arrived at the site, the horn was honked several times, and then a message was left on voicemail when the phone was not answered. The inspector waited 30 minutes to see if contact would be made. After 30 minutes the inspector attempted another phone call. When there was no answer, another voicemail message was left indicating the attempted inspection. Prior to departure, the inspector attached a leave behind flyer on the closed gate.
